

Horsin' around

We love visitors of all sorts, but what a treat it was to have a delightful horse stop by and visit us at Palm Lake Care Caloundra in recent weeks!

Pictured above and left:
The expressions on our faces tell the story - what an unexpected joy it was to have this lovely animal come and say hi!

Service Manager's note

We hope this newsletter finds you in good health and high spirits. As we delve into July, we would like to take this opportunity to express our appreciation for your participation and continuous support in making Palm Lake Care Caloundra a thriving community. Your feedback and opinions are invaluable, so we encourage you to submit your feedback forms, as they help us enhance our services and ensure your satisfaction. Remember, my door is always open. In addition to fostering open communication, let's not forget to revel in the beauty of the season. The weather has been magnificent and we invite you to savour our outdoor areas. Take leisurely strolls, engage in conversations with fellow residents, or simply unwind amidst nature's embrace. Let's make the most of this beautiful season.

Ushani Jayawardhana SERVICE MANAGER

Our Sunshine Coast is the place to be!

Pictured above and below: Gosh, the weather has been wonderful of late, hasn't it? You can understand why they call it the "Sunshine Coast". We are also lucky to have such inviting outdoor spaces around our community, here at Palm Lake Care Caloundra - places where we can top up on our vitamin D while spending quality time with our friends and visitors.

Meet your neighbour

Beryl Brady is an extraordinary individual hailing from Murray Bridge in South Australia, where she spent an impressive 38 years of her life. Together with her husband, Beryl managed an impressive operation consisting of 40 glasshouses, each measuring 20ft long. Their commercial endeavour focused on cultivating tomatoes and cucumbers, which were expertly washed and packed onsite. These delicious products found their way to markets in Adelaide and Melbourne, where they were eagerly received by consumers. Beryl's entrepreneurial spirit didn't stop there; she embarked on exciting journeys to Victor Harbor, selling their bountiful harvest to hotels, small shops and restaurants. Each trip was a grand adventure and a source of great joy. These establishments truly valued the quality produce Beryl and her husband provided. Today, Beryl finds herself at Palm Lake Care Caloundra, blessed to be closer to her beloved daughter.
