

Roll up! Roll up!

To save travelling to the Ekka, we brought the Ekka to us. What a fun-filled day!

Pictured this page: There were carnival games, show bags, dagwood dogs, hot chips and strawberry ice cream for everyone at our Ekka day! Julie brought her bantams in for us to cuddle. The weather was fantastic as well!

Service Manager's note

Hello all - August has been a busy month for our residents. We had LOTS of fun on Ekka day, but have equally enjoyed bus trips, excursions and visits from some talented entertainers. We also had a great day celebrating our staff and caregivers on August 7 with a dress-up and luncheon for Aged Care Employee day. With the second round of National Mandatory Quality Indicator Program NMQIP due at the end of September, I am currently updating all residents' preferences, so if you are unsure if you have responded and would like to be included in the survey, please see our recent email and respond. We will be emailing out the surveys at the start of September.

Janene Sayers ACTING SERVICE MANAGER

Lifestyle Team's note

We have also enjoyed several outings in our local community in recent weeks including a visit to Sumerland Camel Farm (pictured left). We fed the camels and even indulged in camel ice cream! This was a lovely trip and we laughed and laughed all day at the antics of the camels. We are off to visit them again soon, so another group can see them.

We also had a return visit to Tygum Park to check on how the baby geese (that we saw last time we were there) were getting on. Pictured at the bottom of the page, we were so surprised to see them so big and healthy!

This month we also celebrated Aged Care Employee Day with a thankyou lunch for all of our staff and caregivers. We feel that we have the best staff here in our community and it was lovely to let them know they are appreciated.

We also had an evening performance by the Beenleigh Gospel Choir (pictured left) and our sister community, Palm Lake Care Bethania, visited for morning tea, to listen to our Choir.

Rounding out the month, we had Judy and Heather visit from Beenleigh Quota who donated some life-like cats and dogs for our residents to cuddle and care for. We really appreciated their visit and donation.
