

Supporting Your Preferences and Wellbeing

Our warm and welcoming aged care community offers a true sense of home, with inviting lounges, sunny nooks, and shaded garden seats that encourage relaxation and connection. The grand dining area provides the perfect place for residents to come together - whether sharing a meal, enjoying a chat, or simply spending time in good company.

Each day, our onsite chefs prepare fresh, flavourful meals designed to reflect the tastes and preferences of our residents. Menus celebrate cultural diversity and accommodate all dietary or special requirements, ensuring everyone can enjoy nourishing food made with care.

Our Living Well Program aims to stimulate the mind, encourage residents to follow their passions, and foster friendships that nurture a genuine sense of belonging.

Here I feel respected

At Palm Lake Care, we understand that everyone is unique and has different needs. Our community feedback reveal our residents are given the privacy and dignity they deserve, feel respected and are free to be themselves. Our residents are involved in the decision making and recognise our care team as sensitive to their needs.
