occupancy

A groundbreaking approach to dementia care

Memory Lanes at Palm Lake Care Bethania heralds an entirely new approach to caring for people with dementia. Breaking away from the isolated hospital style setting, Memory Lanes is modelled on a village square surrounded by cottages concept, where residents are encouraged to move freely.

Our suites feature:

- Couple or single suites
- Couples accommodation includes exclusive use of additional single suite
- Large ensuite
- Direct access to manicured gardens
- Fully electric bed with pressure mattress
- All meals and use of communal kitchenette
- Wall mounted TV
- Refrigerator
- Individual air conditioning
- 24 hour specialist dementia nursing care
- Direct dial telephone

A village community empowering people with freedoms

The relaxed environment inspires and motivates residents to interact on a daily basis. Memory Lanes features 34 spacious, light filled suites and specially designed gardens, gazebos, coloured walkways and wandering paths within a safe 1.5 acres. Residents have complete liberty here to help around the community and join in activities to stimulate the mind.

Our team has been carefully selected and trained to provide true person-centred care, empowering people with freedoms, responsibility and social interaction.

Spontaneous activities throughout the day initiated by both residents and carers inspire change and discovery.

Residents can help tend our vegetable and flower gardens, fruit trees and even get involved in our workshop.

Independence and abilities are encouraged. Residents have the opportunity to help around the community which gives them a sense of purpose.

With flexible meal times, residents are given the freedom to choose what time they would like to eat. All meals are made fresh daily in our dedicated kitchens.

Exercise is encouraged naturally with meandering paths through 1.5 acres of grounds, giving them the confidence to explore.

Dining and lounge areas have been decorated with artwork and ornaments from the historical society to stimulate memories and motivate curiosity.

Byron and Biscuit, our resident cats, and Mocha the regularly visiting chocolate labrador are always up for a cuddle, providing companionship and comfort.

Here we provide care solutions

Our free, no-obligation service will give you clear information on government regulations and fees. We can help tailor costs and charges to individual circumstances and help secure suitable vacancies.

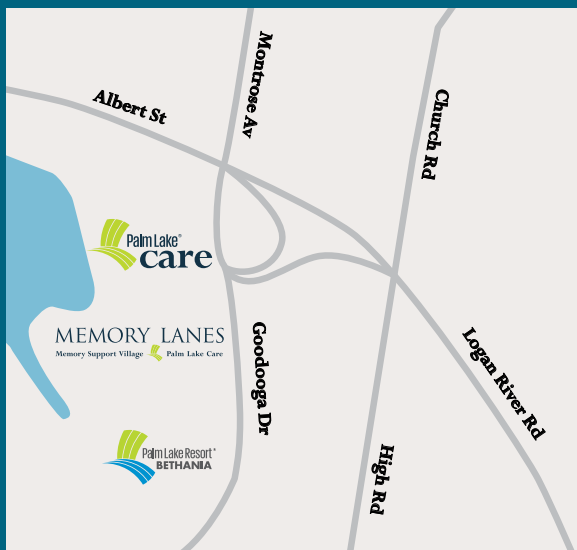

To speak to our Care Solutions Team about your individual circumstances call 1800 246 677 or email caresolutions@palmlake.com.au
